HA. Ihavandhoo Council

Annual Report 2025

Haa Alif Atoll, Republic of Maldives

Ref: HC/AR/2025

Message from the Council President

2025 was a year of steady progress for Ihavandhoo. We strengthened our harbour, advanced the planning of the cold storage facility, and moved closer to a full sewerage network. I thank the residents, councillors, staff and committees whose work made this possible.

Highlights

- Land reclamation survey completed; designs approved.
- Road paving phase 1 finished: 1.4 km of island roads.
- Waste collection extended to all wards; first recycling drive.
- Women development committee trained 46 residents in handicraft and food processing.
- Council website and online services introduced.

Financial summary

Item	MVR
Total income	14,095,000
Total expenditure	12,740,000
Surplus transferred to reserve	1,355,000

Projects completed in 2025

Project	Value (MVR)	Status
Road paving, phase 1	1,640,000	Completed
Playground and football ground lighting	420,000	Completed
Harbour fender replacement	310,000	Completed
Waste collection point upgrades	265,000	Completed

Looking ahead

In 2026 the Council will build the cold storage facility, extend the harbour quay and begin the sewerage network survey.
